

... a note from Team CIM

We are pleased to inform you that we are re-launching the Electronic parts Catalogue on **15th Dec 2014**. This has been jointly developed by CVBU CIM Team and Tata Technologies.

The Application is very intuitive, however we have attached a basic user manual in the subsequent slides

The Key benefits envisaged are

- ❖ Integration with backend Business and Engineering Application
- ❖ Quick Navigation and faster Access to the right Catalogue
- ❖ Access based on VIN No / Chassis Type and Model
- ❖ Assured Application Response and Uptime
- ❖ Faster Changed Information dissemination time
- ❖ Online Support Call Registration
- ❖ Integrated Ordering System
- ❖ Regional and International Language Support

The access control enforced would limit the Menu and Data depending on the role and Business Unit assigned. Some of the options are very specific to CIM Team Members.

This manual is limited to internal users and shortly would be release to our Dealers and Distributors.

We welcome any suggestions for making this electronic parts catalogue an unique experience for our customer

Ajay Kumar Jain
Head (Customer Information Management)

Query Module

1. Click on Query from Main Menu
2. Flex Query (user Defined Query)

(Query based on combination of VC No, Chassis Type, Table No, Part No , Part Description, Part No and Part Description is based on pattern search)

The screenshot displays the website interface for the Commercial Vehicle Business Unit - India & IB. The header includes the Tata Motors logo, the unit name, and the 'Electronic Parts Catalogue' title. A navigation bar contains links for 'Catalogue', 'Query', 'Report', 'Content', 'Admin', and 'My Corner'. A welcome message for user P S Roy is visible. The main content area features a sidebar with search options: 'Flex Query' (highlighted with a red circle '2'), 'Cross Query Part / VC', 'Price List', and 'Alternate Part Search'. A large image of various mechanical parts is centered on the page. A red circle '1' is placed over the 'Query' link in the navigation bar. A 'Latest News' section at the bottom contains a news item from 20-10-2013 about a new air filter. Below the news is a row of images showing different commercial vehicles. The footer includes the text 'Powered By Tata Technologies Ltd.' and the 'TATA GENUINE PARTS' logo with the slogan 'Let's go beyond'.

Query (Continued)

1. Example : Enter VC No
2. Enter A Partial Part Description
3. Click on Search Icon to list line items matching inputs
4. Review output and on clicking the specific Table No it will open catalogue in another window for the selected Table.

Subject: Introduction of LPO 1623 RELE BS-III

We are pleased to inform you about the introduction of **LPO 1623 RELE BS-III** rear engine bus. This bus has a rear mounted Cummins 596 (5.9 BSIII) engine, Automatic Transmission, T-27DR with IWL pneumatic air suspension with introduction of OBTIS (On Board Intelligent Transport System) system.

These buses are currently supplied to Kalyan - Dondaki Municipal Transport (KDMT) under JNV/PM-4 scheme.

Representative photo of the vehicle is shown below:

Chassis type designation:

Model	Chassis Serial	VC BC No.
LPO 1623 RELE BS-III	533361	4103662000009263

3. Selected Dossier Displayed.

The screenshot displays the TATA MOTORS Commercial Vehicle Business Unit - India Electronic Parts Catalogue. The user is logged in as TGP USER. The interface shows a search bar (1) and a list of descriptions (2). The 'Plug Expansion Kit' is selected, and its dossier is displayed on the right. The dossier features a header with the TATA MOTORS logo (3), a row of commercial vehicles, and a large yellow banner with the text 'The Perfect Plug Expansion Kit'. Below the banner, there is a paragraph of text and a table with columns for 'Kit part no.' and 'Description'. The dossier also includes an image of the expansion kit components.

The Perfect Plug Expansion Kit

TATA Genuine Parts introduces a new and compact Plug Expansion Kit. Now It's easier to procure crucial parts as they all will come in a single package. The kit will be available for a **20% less** price as compared to the combined price of individual parts. This will in turn decrease the use of inferior quality parts as our Plug Expansion Kit will fulfil all the needs without any hassels.

Online Issue Registration

1. Click on “My Corner”
2. Select Register an Issue
3. Fill up the details (attach documents if necessary) and Register
4. You will be acknowledged and your Issue will be taken up for resolution

The screenshot displays the TATA MOTORS Commercial Vehicle Business Unit - India & IB Electronic Parts Catalogue interface. The top navigation bar includes the TATA MOTORS logo, the page title, and the text "Electronic Parts Catalogue". Below this, a user welcome message "Welcome P S Roy (Last Login:04-12-2014 06:12 PM)" is shown alongside navigation links for "Catalogue", "Query", "Report", "Content", "Admin", and "My Corner".

The main content area is titled "HelpDesk : Issue Registration Form". It features a left-hand sidebar with navigation options: "Register an Issue", "Gallery", "Mission & Vision", "Spare Parts Network", "Related Links", and "Log Out".

The registration form contains the following fields and controls:

- Business Unit:** CVBU-INDIA
- Issue No.:** (empty text box)
- Issue Date:** 2014-12-5,21:38:51
- Issue Category*:** Select Issue Category (dropdown menu)
- Severity:** Low (dropdown menu)
- User ID:** psr00089
- VC No.:** (empty text box)
- Part No.:** (empty text box)
- Issue*:** Max Characters-250 (text area)
- Attach File:** Includes a "SELECT FILES..." button and a file input field.
- REGISTER ISSUE:** A prominent blue button at the bottom of the form.

Red circles with numbers 1 through 4 are overlaid on the image to indicate the steps: 1 points to the "My Corner" menu, 2 points to the "Register an Issue" button, 3 points to the "Issue Category" dropdown, and 4 points to the "REGISTER ISSUE" button.

At the bottom of the page, it states "Powered By Tata Technologies Ltd." and includes a "Latest News" section with two images of vehicles.

Thank You
